ABSTRAK

Penelitian ini bertujuan untuk mengetahui dampak, strategi coping dan sumber coping pada pernikahan remaja yang didahului kehamilan. Penelitian ini merupakan penelitian kualitatif melalui pendekatan analisis isi terarah. Pengambilan data dilakukan melalui wawancara semi terstruktur pada tiga informan yang dipilih dengan kriteria tertentu, yaitu remaja perempuan yang pernah mengalami kehamilan dan melakukan pernikahan di bawah usia 20 tahun. Secara umum, hasil penelitian menunjukkan bahwa pernikahan yang didahului kehamilan menyebabkan informan mengalami dampak secara fisik, ekonomi, sosial dan psikologis. Informan melakukan strategi coping untuk mengatasi permasalahan yang menekan dalam pernikahan remaja, yaitu dengan mengkombinasikan jenis *problem focused coping* dan *emotion focused coping*. Strategi coping yang dilakukan oleh informan dipengaruhi beberapa sumber coping, yaitu kesehatan fisik, keyakinan dan pandangan positif, keterampilan memecahkan masalah, keterampilan sosial, dukungan sosial, dan materi.

Kata Kunci: Strategi coping, kehamilan dan pernikahan remaja

**COPING STRATEGY
ON ADOLESCENT MARRIAGE AFTER PREGNANCY**
